

Reliable and Perfect Price.

ITSCOM Data SIM

ITSCOM Data SIM + terminal (smartphone type)

Are you interested in reasonable smartphones?

Use it as a second phone only for data, and you can get a great convenience together with the other mobile phone.

ZTE blade V6(Silver)

HUAWEI P9 lite(Gold)

- * Our SIM card is only for data communication. You need to install a voice call app for voice call.
- * Transmission rate: Maximum 150 Mbps downlink / 50 Mbps uplink.
- * All colors may not be in stock.

ITSCOM Data SIM + terminal (mobile router)

Connect to various devices!

You can connect to up to 10 tablets and wireless game devices at the same time while you are away from home.

Fuji Soft + F FS020W

- * Transmission rate: Maximum 150 Mbps downlink / 50 Mbps uplink
- * You can use the SIM card for monthly fees from the 25th month.

ITSCOM Data SIM

You can use it in various mobile terminals!*

Choose from the three types of iTSCOM Data SIM cards according to your terminal type.

Three SIM card types

- * High speed data communication is activated when our SIM cards are plugged into SIM free terminals and some of NTT DOCOMO terminals. * Please note upon application that they cannot be guaranteed to work on your terminal. * 3,000 yen will be charged when you change your SIM card type.

Communication Fees (month/card) * Only communication fee is charged when your contract is only for Data SIM card.

Terminal Device Fees (month/unit)

Smartphone type		Mobile router	
iTSCOM service users	Regular fee	iTSCOM service users	Regular fee
1,000 yen×24months	1,300 yen×24months	1,000 yen×24months	1,300 yen×24months

* All prices are tax excluded.

What's more

The same coverage area as NTT DOCOMO!

It has the same coverage as NTT DOCOMO smartphones and cell phones.*
Stable transmission rate everywhere in Japan.

- * As of October 2016
- * Coverage of Xi(LTE) and FOMA(3G)

What's more

Unused data is carried forward to the next month!

The data that has not been used will be added to the next month's data.

[iTSCOM Data SIM Notes] * iTSCOM Data SIM cards can only be used for SIM free terminals and some of NTT DOCOMO terminals. * Limit to five cards per person or legal entity. * Transmission rate depends on your area, terminal and environment. Also the Transmission rate may be limited depending on how you use the service. * Xi and FOMA are registered trademark and trademark of NTT DOCOMO. * Manufacturer's warranty period for the terminals purchased from iTSCOM is one year (starting from the day you get the terminal/the day the terminal arrives at your home, and the beginning of the service). * The contract period is two years starting from the next month of the day the service starts to be provided. You can choose either to return the terminal device or to continue the contract at the end of the contract period or when you cancel the contract during the contract period. * When you are a user of iTSCOM Data SIM+terminal Plan, the service will be automatically changed to iTSCOM Data SIM Plan at the end of the contract period. * Data SIM+terminal Plan applies only to the models on the iTSCOM's available model list, and the basic monthly fees are subject to change when the list is revised. * After the communication traffic volume exceeds 2GB, the transmission rate will be limited to 200kbps. This restriction should be cancelled on 12:00 a.m. of the first day of the next month. * Initial fee and plan change fee is required 3000 yen for each contract. * On cancellation of iTSCOM Data SIM+terminal Plan during the contract period, you must pay the balance of the fee all at once. * This service is available only in Japan. * Universal service fee will be charged separately. * You will pay the terminal device fee in monthly payments over 24 months.

It's fun to be connected beyond your imagination!

iTSCOM Tokoton Support

Trouble? Don't know how? We'll take care of it!

Leave everything to us. From the initial setup and Internet connection to how to use and malfunction of your tablet, we will quickly support you with free call and support visits.

Optional Services **Extended Warranty Service**

* This service is for the tablets of Data SIM and Tablet Service.

Contract Starting Date	Regular Warranty	Manufacturer's Warranty Period	37 Months Warranty Worry Free
	Extended Warranty	Extended Warranty Period	
	Manufacturer's Warranty Period	Extended Warranty Period	

* Extended Warranty Service must be signed up on application for the Tablet Service. The warranty only applies to the tablet

[iTSCOM Service Notes] * A full-time Internet connection is needed to use this service. Normal operation is not guaranteed under any other circumstances. * An unlocked tablet needs a SIM card. If you do not have a SIM card, you can still use your tablet under a wireless LAN environment. SIM card type: micro SIM (15mm×12mm) * Upon signing up for iTSCOM Tablet Service, you are required to agree to "Home App Terms of Service" and "iTSCOM Tokoton Service Terms of Service". * A separate contract processing fee of 3,000 yen will be charged for each contract. * The service period is 2 years starting from the first day of the next month of the service start day. * The contracts of Home App and iTSCOM Tokoton Support are automatically renewed at the end of the contract periods unless you cancel them. The tablet will be given to you at the end of the contract period or when you cancel the contract during the contract period. * You are required to sign up for iTSCOM Tablet Service and iTSCOM Tokoton Support (500 yen/month) at the same time. During the 24 months contract period of iTSCOM Tablet Service, a discount of 500 yen from 1,800 yen monthly fee is applied. * You cannot cancel Home App or iTSCOM Tokoton Support separately during the contract period. * If you cancel the contract during the contract period, a contract cancellation fee according to the remaining period is incurred.

[iTSCOM Tokoton Support Notes] * iTSCOM Tokoton Support is provided for the iTSCOM Service users. iTSCOM Tokoton Support covers only the services you are using.
